- General electrical maintenance and repairs
- Emergency and exit lighting installation, testing and maintenance
- Preventative maintenance programs tailored to client requirements
- New school electrical fit-outs and refurbishments
- Energy efficiency audits and LED lighting upgrades
- Data & Communications Services, including VOIP and MATV
- Testing and tagging, thermographic imaging, and power quality analysis
- Residual Current Device (RCD) testing and compliance reporting
- Air-conditioning installation and servicing
- 24/7 emergency response services for urgent electrical issues

DESIGN • INSTALL • MAINTAIN

COMPREHENSIVE SERVICE

COVERING ALL SEGMENTS

We offer a comprehensive suite of services that encompass all segments of electrical contracting.

From crafting innovative electrical designs that optimize efficiency and functionality to executing defect free installations within industrial warehouses, multi res accommodation, hospitality venues, aged care facilities and shopping centres, we are equipped to handle projects of varying complexity.

SERVICE AND MAINTAINENCE SPECIALISTS

Our expertise extends to service and maintenance, ensuring the longevity and reliability of electrical systems.

Moreover, we excel in breathing new life into existing spaces through refurbishments and upgrades, while also contributing to sustainable progress through safe and responsible demolition practices.

BUILT FOR COMPLEX COMMERCIAL ENVIRONMENTS

- 01 NEW CONSTRUCTION
- 02 UPGRADES
- 03 SERVICE & MAINTAINENCE
- 04 REFURBS
- 05 DEMOLITION

OUR SERVICES

ELECTRICAL SAFETY MANAGEMENT • TESTING • COMPLIANCE

01

DESIGN AND CONSTRUCT

Our experienced design team are available to assist with any design requirements- no matter how difficult

02

COMMERCIAL CONSTRUCTION

Continued focused effort to support our network in delivering quality products

03

EARLY CONTRACTOR ENGANGEMENT

With out extensive knowledge and experience we can assist with the initial stages of any project- Often resulting significant cost savings

04

OFFICE/STORE FITOUTS

Effective work processes and systems allows us to work with compressed timelines & site demands to deliver a defect free product

05

PREVENTATIVE MAINTENANCE

Focused effort on building maintenance will ensure building safety compliance and improved operations

06

ENERGY EFFICIENT LIGHTING

Lighting upgrades that cut energy consumption and running costs.

07

THERMAL IMAGING

Infrared scanning of switchboards and equipment to find hot spots before they cause failure.

03

EMERGENCY LIGHT TESTING

Scheduled testing of emergency and exit lighting to keep sites compliant.

09

RCD TESTING

Annual and 6-monthly RCD testing ensures safe operation of safety devices when required.

10

ELECTRICAL SAFETY AUDITS

Site-wide hazard assessment and reporting to meet OH&S obligations.

QUALITY & SAFETY

THE WAY WE WORK

At Energize Industries, quality and safety are not merely buzzwords – they are the bedrock of our culture.

Our commitment to these core principles is unwavering, as evidenced by our adherence to stringent safety protocols and compliance with industry regulations.

Every facet of our operations reflects our dedication to providing superior electrical services without compromising on safety.

From meticulous planning to diligent execution, we prioritize the well-being of our team, clients, and the construction environment.

WHAT OUR CLIENTS SAY

> *Energize was extremely proactive from the beginning to the end of the project. They approached the project in a solution-oriented base making the project run smoothly and on time on a very challenging old site.*
>
> **Dilan Perera**
> Brisbane Racing Club

> *We would like to express our appreciation to Energize for their performance on the Eagle Farm Racecourse Electrical Upgrade Project.*
>
> **Michael Bourke**
> Wood & Grieve Engineers

> *I don't get the opportunity to do this often but I am compelled to thank you both, and your team, for your consistent and focused effort throughout the Vic Park project.*
>
> **Carlo Martelli**
> Ranbury

> *Personal note of thanks to you and the boys for the outstanding effort particularly over the last few weeks. I know the changes were coming thick and fast towards the end and it was due to your 'we'll get it sorted' attitude that got us across the line on time.*
